Dear Donna Davis:

Please find this correspondence as a follow-up to the communication you provided on March 19, 2025, to the Detroit Water and Sewerage Department (DWSD) and the Board of Water Commissioners (BOWC) regarding a substandard hard-surface restoration following a Lead Service Line Replacement.

A site visit was conducted on April 1, 2025, to identify the area of concern. The Department has contacted the DWSD contractor responsible for the restoration and has requested the patch in the driveway approach be replaced. Weather permitting, the patch in the driveway approach will be replaced no later than May 16, 2025.

Should you have any further questions or concerns, please do not hesitate to reach out to my office directly at 313-267-3671.

Respectfully,

Gary Watkins
Special Projects Manager, Restorations
