The Honorable
Board of Water Commissioners
Detroit, Michigan

RE: Michael Paine – 16815 Patton Street

Dear President Einheuser and Commissioners:

Mr. Shane expressed concerns regarding lead results through his own testing regimen at his house and at his son's house also on Patton Street. Knowledgeable water experts from both DWSD and GLWA held a virtual meeting with the Paines and discussed their concerns. Our water treatment processes and our plans for lead service line replacement were also discussed at length. Additional discussions will be scheduled.

Sincerely,
