**Dear Donna Davis:**

Please find this correspondence as a follow-up to the communication you provided on March 19, 2025, to the Detroit Water and Sewerage Department (DWSD) and the Board of Water Commissioners (BOWC) regarding a sinkhole in the alley across the street from 2439 Gladstone.

The site has been assigned to a DWSD contractor under work order ER-192 and has been made safe. Due to the multiple steps required to assess and repair the sewer issue, we are projecting the work will be completed no later than May 31, 2025, which includes permanent restoration.

Should you have any further questions or concerns, please do not hesitate to reach out to my office directly at 313-267-3671.

Respectfully,

Gary Watkins  
Special Projects Manager, Restorations
