25-346	Aj Bieber	Hello! I am looking to obtain storm sewer maps that depict the sewer connections to the Dana Transport property located at 11430 Russell Street, Detroit, MI 48211. We recently completed a sewer dye test at this property but were unable to locate the dye off site. The two storm sewer manholes near the intersection of Caniff & Russell were locked, but peeking through the grates no dye was observed. We believe the storm sewers from the property may continue to run to the west through DTE's property but would like to be able to confirm that with sewer maps of the property & surrounding areas. I've attached a draft map of the property with utilities and sewers that were confirmed by the dye test / onsite utility mark out. Thanks & Best, AJ	11/24/25	12/15/25	Pending
