23-102	Anna Anderson	Engineering	<p>I am an Architect working on the renovation and upgrades of existing building located at 24230 W. McNichols Street in Detroit.</p> <p>This facility is being renovated for this organization – link below https://developingkids.org/</p> <p>We are currently in Design Development stage of the project and working on finalizing the Site Plan and parking layout.</p> <p>Our Civil Engineer and us have few questions in regards to what we can or cannot do in the vacated alley area (The application reference number for vacating the alley is MAP-23-59). Please attached sketch with highlighted areas. Pink relates to Alley location and highlighted yellow are our concerns:</p> <ul style="list-style-type: none"> -Can we locate the sidewalk/ramp? Necessary to match grades - parking and building, ADA access -Is the Canopy allowed in that location, approx.. height of 15'-9" or does it need to be higher? Canopy will require columns to support the structure. Can we locate columns in the proximity of the Alley -At north-west corner the project is planning for Daycare with outdoor space for children. Is it ok to plan for green outdoor area in this location? If so, are any temporary play structures are allowed?
