Re: Public Comment – Bioswale Installation

Ms. Butler,

Please accept this letter as a follow-up to your concern addressed to the City of Detroit Water and Sewerage Department (DWSD) at our Board of Water Commissioners (BOWC) meeting on January 17, 2018. In your comment, you expressed the desire for the BOWC to consider the installation of Bioswales from I-94 East (Conner) to I-94 East (Moross).

The Detroit Water and Sewerage Department does not install Stormwater Management Practices outside of our permit areas. However, we do provide site assessments and Capital Partnership funds to Non-Residential customers.

For information regarding future plans for I-94, please contact MDOT who is the entity responsible for managing drainage on the freeway.

If there has been a misinterpretation of your request, please call our Customer Care Center at 313- 267 – 8000 ext. 6.

Respectfully,

Lisa Wallick

Lisa Wallick, P.E.
