Re: Public Comment – Metro Life Church

Dear Mr. Cripps,

Please accept this letter as a follow-up to your concern addressed to the City of Detroit Water and Sewerage Department (DWSD) at our Board of Water Commissioners meeting on January 17, 2018. In your comment, you expressed concern regarding the potential loss of your facility due to difficulty paying your utility bill; with a specific focus on the Drainage Charge.

It is not the intent of DWSD to put any of our customers in a circumstance in which the charge interferes with their ability to maintain property ownership. It is to our understanding that a project for your properties is currently under review. Once the engineering analysis for this site has been completed, one of our engineering consultants will be in touch with you regarding potential credit options. In addition, we will provide a Capital Partnership Program Application for your use and consideration for assistance in funding Green Stormwater Infrastructure on your site.

DWSD also offers payment plans to help our customers who are experiencing difficulties paying their bill. Should you be interested, please call our customer care center.

Respectfully,

Lisa Wallick
