Honorable Board of Water Commissioners
735 Randolph St.
Detroit, MI 48226

Dear Commissioners:

Re: Public Comment – Drainage on Vacant Lot - 2439 Gladstone

On February 14th, the DWSD Stormwater Management Group (SMG) wrote to Ms. Donna Davis regarding her public inquiry on how drainage charges are being assessed to her vacant properties.

While reviewing her account, it came to our attention that as a result of our previous coordination efforts, we did determine that her lots should not be assessed a Drainage Charge. As such, we have consequently removed them from her bill and she will not be receiving any further charges for drainage beginning in March, 2018.

We have also removed her past due balances and advised that if she had additional inquiries, to contact our Customer Care Center.

Respectfully,

Lisa Wallick
