

CAPITAL IMPROVEMENT PLAN AND 2019 CAPITAL BUDGET 2019-2023 CIP REPORT

May 2, 2018

Capital Improvement Plan

- This CIP should be considered a planning document and current fiscal year capital budget – the CIP is an evolving plan that requires continual review and modification during the course of each year.
- The amounts indicated in 2019 are the FY19 capital budget.
- The following table details the planned expenditures for the Fiscal Years 2019-2023 CIP. Expenditures are focused on replacement, installation and/or abandonment of existing water mains, replacement of inoperable fire hydrants, rehabilitation of sewer systems, management of storm water with green infrastructure, upgrades to information technology systems, replacing aging equipment and vehicles, as well as rehabilitation of facilities that support the operation of the utility.

Summary of CIP Financial Plan and 2019 Capital Budget

The FY 2019 – FY 2023 capital improvement plan provides for \$258 million of water system improvements and \$241 million of sewer system improvements over the five year planning cycle. FY19 Capital Budget of \$156,112,260
