Dr. Moore:

Thank you for addressing the Board of Water Commissioners regarding a sink-hole located at 18031 Dequindre Road. The results of our investigation shows that the sink-hole at this location falls under the control of the Great Lakes Water Authority. The matter was referred to GLWA for resolution on April 19th, 2018 and the repair was completed on Wednesday, May 9, 2018. We have confirmed the Department of Public Works is in the process of resurfacing Dequindre Road and the completion of this job will be done by DPW.

If you have any questions or concerns as it relates to this matter, please feel free to contact our office.

Thank you.

Renee Y. Baker
