The Honorable  
Board of Water Commissioners  
Detroit, Michigan

RE: 19623 Plymouth Road

Dear President Einheuser and Commissioners:

After an extensive records search as to why this service line was not connected to the public water system, DWSD reconnected the customer's service line to the public water system with DWSD crews on July 19, 2021. DWSD verified that this commercial property was never owned by the DLBA nor was it ever on a demolition list. Customer indicated it has not had water service for "20 or 30 years". Customer has made meter appointment for August 11, 2021.

Sincerely,

A handwritten signature in blue ink, appearing to read "S.A. Smalley".
