JUSTIFICATION

A Project Manager is needed to coordinate the implementation of both Fleet and Fuel Software (Fleet & Fuel Focus) and GPS. The Project Manager will be responsible for managing this project with support from ITS, Fleet, Inventory, and other shareholders.

BACKGROUND

DWSD is updating both Fleet and Fuel Software and adding GPS to its vehicle fleet. We expect cost savings, service improvement, and better accountability as a result of these enhancements. Jon White was the project manager who over saw the implementation of Assetworks to the General Fund fleet.
