The Board of Water Commissioners for the City of Detroit, Water and Sewerage Department authorizes the Director to enter into **Contract # 6001540, with Wesco Distributors Inc. for the blanket purchase of 1.5" through 10" cold water electronic billing meters (Group B) for the Detroit Water & Sewerage Department (DWSD) for a period of four years at a cost not to exceed \$4,027,554.20** and authorizes the Director to take such other action as may be necessary to accomplish the intent of this vote.

Agenda of September 19, 2018

Item No. 18-0201

Contract No. 6001540

Vendor: Wesco Distributors Inc.

Duration: upon approval, tentatively 10/1/2018 - 9/30/2022 (Four years)

Original Amount: \$4,027,554.20

TO: The Honorable
Board of Water Commissioners
City of Detroit, Michigan

FROM: Gary Brown, Director
Detroit Water and Sewerage Department

RE: Purchase of 1.5" through 10" Cold Water Electronic Billing Meters (Group B)

MOTION

Upon recommendation of Thomas Naughton, Chief Financial Officer, the Board of Water Commissioners for the City of

Detroit, Water and Sewerage Department authorizes the Director **Contract # 6001540, with Wesco Distributors Inc. , for the blanket purchase of 1.5” through 10” cold water electronic billing meters (Group B) for the Detroit Water & Sewerage Department (DWSD) for a period of four years a cost not to exceed \$4,027,554.20** and authorizes the Director to take such other action as may be necessary to accomplish the intent of this vote.

BACKGROUND

In FY 2016-17, DWSD Meter Operations division replaced 11,000 cold water billing meters of various sizes, to provide customers with the most accurate and efficient, water usage, and meter reading for their respective service application. Each make and model, based on meter size, facility and service type, may have qualities that fit certain service applications. For the purpose of the three meter contracts, the meters were divided, based on size and quantity needed, into three groups, Groups A, B, and C. DWSD is aggressively addressing non-revenue water through replacement of dated and under-registering water meters throughout the system. This increased level of meter replacement activity has nearly depleted the inventory of meters and DWSD desires to keep making the substantial progress with meter replacements.

JUSTIFICATION

DWSD holds inventory on more than three different types of meters of various sizes and requires reliable sources to replenish inventory levels to meet our customers’ needs. The Meter Operations division’s primary objective for securing contracts for required meters was to ensure each type of meter meets American Water Works Association standards and is compatible with the latest automatic meter-reading technology.

PROCUREMENT METHOD

Procurement issued a Request for Bid (RFB) that was published on the Michigan Inter-Governmental Trade Network (MITN) website January 30, 2018, for the purchase 1.5” through 10” Cold Water Electronic Billing Meters and closed February 23, 2018. This solicitation reached out to twenty-two vendors and received seven responses. The Meter Operations team, through this procurement process, has stringently evaluated compliance with the procurement specifications, exceptions to procurement specifications offered by the bidders, as well as vendors’ warranties and guarantees. One Respondent, Core & Main was deemed non-responsive because they did not meet the qualifications specified in the RFB. Five Respondents submitted a no bid for this group of meters. Based on the pricing submitted by the remaining Respondent, Wesco Distributors was deemed the lowest responsive, responsible bidder.

The 7 vendors and their respective final pricing for Group B meters was:

<u>Vendor</u>	<u>Bid response amount</u>
Badger Meter	No Bid
EJ Prescott	No Bid
Ferguson Enterprises Inc.	No Bid

Metron-Farnier	No Bid
Mueller Systems LLC (1.5" and 2" only)	Non-Responsive
Wesco Distributors Inc.	\$4,027,554.20
