Authorization to Adopt the FY 2022-23 capital budget for Water and Sewerage Disposal System

MOTION

Upon recommendation of Istakur Rahman, Chief Financial Officer, the Board of Water Commissioners **authorizes the Director to approve the accompanying Water Supply System (WSS) Capital Improvement Program for Fiscal Years 2023 through 2027; authorizes the Director to approve the FY2023 Capital Budget**, and also authorizes the Director to take such other action as may be necessary to accomplish the intent of this vote.

BACKGROUND

Pursuant to the lease agreement executed to establish the Great Lakes Water Authority (GLWA), the Detroit Water and Sewerage Department (DWSD) is required to develop a five year capital improvement program for the local water system assets. The capital improvement needs for the period 2023-2027 have been internally reviewed, approved, categorized, inventoried, and assembled into a five-year program and prioritized, and presented to the CIP Committee of the BOWC on February 2, 2022, and March 2, 2022 and June 1, 2022.

The CIP document focuses on replacement and rehabilitation of the local water system assets to provide reliable and efficient service. The plan details a five year capital improvement plan to meet the improvement and financing needs of the water supply system

The first year of this plan will serve as the approved capital budget.

JUSTIFICATION

The BOWC is required each year to adopt a Five Year Capital Improvement plan for the Water Supply System. The Board of Water Commissioners shall adopt the total five-year capital plan of \$240,346,272 for water supply system improvements.

BOWC is requested to adopt a fiscal year 2022-23 capital budget of \$70,166,500 for the water supply system improvements.
